RATE CHARGES FOR HEALTH CERTIFICATES

Starting July 15, 2006, MOH has implemented the new charges for the issuance of health certificates. New rate is divided into two categories for Export and for participation in the Exhibition abroad.

Under the category of exports, the charges are according to the amount applied for a Certificate of Health in a consignment. While for the category of participation in exhibitions, charges are based on the type of participation in the exhibition.

Rate charges for Export Health Certificate category:

Number of certificates requested	The charge for each Certificate of Health (RM)
1-3	80.00
4-6	60.00
7-9	40.00
10 or More	30.00

Charge rate for the category Health Certificate EXHIBITION:

Type of Exhibition	The charge for each Certificate of Health (RM)
Encouraged / invited by the Government	30.00
Individual participation	50.00

Other charges related to Health Certificate:

- There is no charge for the issuance of health certificates requested by uniformed bodies such as the military and humanitarian aid for food delivery to other countries.
- Any amendment to the Health Certificate error caused by the applicant will be charged. Errors caused by the District Health Office or State Health Department is not charged.
- Any request for a copy of the original (duplicate) certificate will not be charged.
- Health Certificate charges imposed will depend on the number of certificates issued in one application at a time / consignments.
- The industry or individual must submit the documents or letters from government bodies as proof of their participation in the Exhibition abroad. If no such documents, Health Certificate charge is on schedule as described above.
- Applicants are requested to refer to officials at the District Health Office or the nearest Health Department for more information
