

## INSTRUMENTS

- HPLC - High Performance Liquid Chromatograph
- AAS - Atomic Absorption Spectroscopy
- ICP-OES
- Analytical Balance
- Furnace
- Heating Digester
- Incubator
- Autoclave For Sterilization
- Water Bath
- UV-VIS Spectrophotometer
- BOD Incubator
- COD Reactor
- Steam Distilling Unit
- Solvent Extraction Unit
- Ultrasonicator
- Heating Oven
- Laminar Flow With UV Light
- pH Meter
- Conductivity Meter
- Dissolved Oxygen Meter
- Magnetic Stirrer
- Microplate Reader
- Microscope
- Centrifuge
- FTIR - Fourier Transform Infra Red
- Auto Titrator
- Water Distiller Unit
- Microwave Digester
- Ion Chromatograph
- LC - MS/MS
- GCMS - Gas Chromatograph with Mass Spectrometry detector
- GC - Gas Chromatograph with FID, NPD detector
- Vortex Mixer

## Achievement & Recognition

Ministry of Health, Malaysia

Department of Environment

SAMPAM accreditation ISO17025

Ministry of Agriculture

Ministry of Domestic Trade & CC

International Laboratory Accreditation Cooperation

Veterinary Department

Malaysia Palm Oil Board

Reliability & Accuracy

## MY CO2 Laboratory

Halal Food Testing

Herbs Testing

Seafood Testing

Antibiotic Testing

Drinking Water Testing

Canned Food Testing

Packaging Material Testing

Organic Food Testing

Bird Nest Testing

## About Us

MY CO2 is an independent laboratory which provides vast range of analytical testing services internationally. Our laboratory facilities are capable in performing chemical, microbiology and physical analysis for toy, food, feed, fertilizer, drinking water, edible oil, petrochemical, industrial and pharmaceutical products. We are also competent in providing environmental and industrial hygiene monitoring program.

Our laboratory has been accredited under ISO/IEC 17025 by Department of Standards Malaysia (SAMM No. 384) which is also recognized by International Laboratory Accreditation Cooperation (ILAC). Our scope of accreditation are more than 300 tests covering 18 categories which are substantially meeting most international regulation and requirements.

We will continue to maintain satisfaction from both clients and regulatory agencies and strives to raise the standard for the industry by being the premier laboratory service provider.

<b>Services</b>	Bacteria & Viruses	Preservative & Pesticide
	Edible Oil & Petrochemical Testing	Chemical & Heavy Metal
<b>Specialize</b>	Health Cert & Free Sales	Statutory Compliance
	Environmental Monitoring	Industrial Hygiene Monitoring & CHRA
	Drinking Water & Waste Water	Shelf Life Study
	Nutrition Fact & Labeling	Toy Testing
	Animal Feed Testing	Iron Ore Testing
	Fertilizer Testing	Noise Testing
	Food Testing	Personal Noise Monitoring
	Bird Nest Testing	Noise Mapping
	Canned Food Testing	Boundary Nooise
	Food Packaging Materials Testing	<b>Oil</b>
	Milk	Cooking Oil
	Organic Food Testing	Lubricant Testing
	Halal Food Testing	Palm Oil
	Seafood Testing	<b>Radiation Testing</b>
	<b>Health Care Testing</b>	<b>Toy Testing</b>
	Antibiotic Testing	<b>Water Testing</b>
	Herbs	Drinking Water Testing
	Preservative Challenge Test	Waste Water Testing
<b>Industry Product test</b>		
Printed Circuit Board (PCB) Testing
